Art Unit: 2133

The drawing filed on 04 December 2006 is accepted by the Examiner.

Claims 1-30 are allowed.

The following is an examiner's statement of reasons for allowance: It is noted that the rejections of claims 1-14, 18-20 and 28-30 based on 35 U.S.C. 112, first paragraph and the rejections of claims 1-14 based on 35 U.S.C. 101 were incorrect and are withdrawn since applicant has adequately disclosed apparatus as well as computer software implementations of these claims as pointed out in the remarks filed 4 December 2006. The rejection of claims 28-30 under 35 U.S.C. 112, second paragraph were incorrect and are withdrawn because applicant has amended these claims in such a manner as to overcome the rejection by providing the necessary computer instructions in the medium. In view of *In re Lowry* cited by applicant in the aforesaid remarks, the rejections of claims 15-17 under 35 U.S.C. 112, second paragraph and 35 U.S.C. 101 are withdrawn. The rejection of claims 1-10, 12-17 and 21-30 under 35 U.S.C. 102 in view of *Malakapalli et al.* is withdrawn since *Malakapalli et al.* fails to disclose reading or storing the ECC separately (in separate memory regions) from the data and the CRC. The rejection of claims 18-20 under 35 U.S.C. 102 in view of *Geiger et al.* is withdrawn since *Geiger et al.* fails to disclose that his memory controller contains a read data module that reads user data and parity information.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
